25X1 1. [] Received a call from J. Sourwine, Chief Counsel, Senate Internal Security Subcommittee, who wanted to assure us that the transcript of the testimony of [] before the Subcommittee had not been made available to Reader's Digest. (See Memorandum for the Record.)

25X1 2. [] George Murphy, on the staff of the Joint Committee on Atomic Energy, called to say that Friday, 10 July, was a good date for Representative Catherine May (R., Wash.) and himself to come to the Agency to have lunch with the Director. We will make the necessary arrangements.

25X1A

25X1 4. [] Senator Milton Young (R., N.Dak.) called and asked if someone would brief him at 2:00 p.m. tomorrow with particular emphasis on Indochina and the Middle East. I told him we would be happy to do so.

10. [] George Murphy, on the staff of the Joint Committee on Atomic Energy, called about the Chalmers Roberts article on page A 11 of today's Washington Post with specific reference to Roberts' statement regarding satellite photography and Soviet SS-9 program. Murphy was interested in our opinion as to whether these statements disclosed classified information. I told Murphy later that I thought there had been many statements in the press concerning the SS-9 program, but references to satellite photography and the conclusions ostensibly reached from it were what became sensitive.

Murphy indicated that Representative Catherine May (R., Wash.) has suggested that she visit the Agency sometime during the week of the 6th of July, preferably the 10th, 9th, or 8th in that order.

25X1

25X1C

11. [] Talked with Milton Wernstrom, a former staff member of Senator Thomas Dodd (D., Conn.) who has more recently been working on his own as a business consultant, in response to his contact with [] on a matter involving a Chinese National with whom we have had contact. I told Wernstrom that we were not in a position to assist him in his claim against the Chinese for a commission on support he has allegedly received from the Agency. We are keeping FE Division informed on this. (See Memorandum for the Record for details.)

25X1

12. [] Confirmed with [] and George Mannina, on the staff of Representative Gilbert Gude (R., Md.), 10:30 a.m. on 2 July as a date for Gude's high school honor program students to visit the Agency.

25X1 4. [] Met with J. Sourwine, Chief Counsel, Senate Internal Security Subcommittee, and subsequently with Senator Eastland, Chairman of the Subcommittee and of the full Judiciary Committee, and stated our desire to have certain references to the Agency and to Agency personnel deleted from the transcript of the testimony of [] which may be published by the Subcommittee. Senator Eastland gave me his assurance that these deletions would be made (see Memorandum for the Record for details).

25X1A

25X1 5. [] I advised George Murphy, on the staff of the Joint Committee on Atomic Energy, that the Director would be away until Thursday and had a commitment for luncheon this Friday. I told him I would be back in touch with him upon the Director's return about a possible date for the luncheon visit of Representative Catherine May (R., Wash.).

25X1 6. [] Received a call from Dick Cook, of the White House staff, who explained he was handling congressional liaison for Mr. Timmons, who had passed to him the material we sent Timmons regarding S. 782 (Ervin bill). Cook said he had discussed the problem with Ted Kazy, Senior Staff Assistant, House Post Office and Civil Service Committee, and suggested that I send Kazy a copy of the Director's draft letter to Chairman Henderson. I commented that technically this would be "jumping the gun" so far as channels were concerned, but Cook assured me that Kazy could be trusted in the matter, and said Kazy expected a call from me.

25X1A Pursuant to the above, called Mr. Kazy who said he would be tied up this afternoon but would be available to meet tomorrow morning. I told him [] would call on him then and bring a copy of our draft letter to Henderson and other material regarding S. 782.

Wednesday - 17 June 1970

25X1 1. [] Received a call from Mr. George Mannina, Assistant to Representative Gilbert Gude (R., Md.), concerning Representative Gude's High School Intern Program, who requested consideration again this year for an Agency speaker and a visit to the Headquarters as was done last year. The program at present is flexible between 24 June and 10 July. I thanked Mr. Mannina for his call and told him I would be back in touch with him tomorrow.

25X1 2. [] Received a call from Lt. Col. A. D. Wells, Army Budget, who called to alert me that Representative John J. Rhodes (R., Ariz.), may be calling concerning Ambassador Godley's visit to the United States next month. Col. Wells was reminded in conversations earlier today with Representative Rhodes' staff that this office had handled earlier contacts with the Ambassador concerning Representative Rhodes' Far East trip.

25X1 3. [] George Murphy, Joint Committee on Atomic Energy staff, called and asked for such information as we might have on a member of the Soviet delegation to the SALT talks, [] I told 25X1 him I would check on it and be in touch.

Murphy asked if I would also check the Director's calendar to determine his availability for a luncheon visit with Representative Catherine May (R., Wash.) and I will do this.

25X1A He also asked if we had anything further on the "yellow cake" uranium question and the []

25X1 4. [] John Lofton, Republican Congressional Committee, called to ask for additional copies of the Soviet and Chinese FBIS Daily Reports for the period 1 May through 15 June 1970. He had disposed of the original copies the Committee received. I called FBIS and made arrangements for them to forward as many of these as possible to Lofton and then called Lofton to inform him that they would be forthcoming.

[] Mr. George Murphy, Joint Committee on Atomic Energy staff, called in connection with a reply he had prepared for one of the members to a letter from the chairman of the Pakistan Atomic Energy Commission calling attention to an 11 May 1970 report in the London Times that a group of scientists and others in India had recommended that India build an atomic bomb. The reply states that there is no evidence of an official change in Indian policy in this matter, and Mr. Murphy wanted to check with us before its release. Based on discussion with [] I informed Mr. Murphy that we knew of no change.
